Plumbers in Austria earn

a week, and other labor is paid accordingly. In this country plumbers make a week, with wages generally at a corresponding rate. This explains why 80,136 Austrian immigrants sought our shores last year.

The Democratic Chicago Dispatch says of President Harrison:

President Benjamin Harrison steps out of the White House March 4th next. The Nation's palace only holds for him the shadow of a great grief now, and it is hardly possible that with that weighing upon his mind he can feel very keenly his recent defeat. The twenty-third President of the United States leaves the chair with the respect of all good men and all thinking people. There has been no stain upon his personal character, and his administration has been pure, upright and honest, and from the standpoint of his party, admirable. Benjamin Harrison will go back to his home in the Hoosier Capital leaving behind him the record of a loyal and faithful servant. To set forth these facts is but simple justice.

The severe weather brings out the beauties of Free-trade to the unemployed of London and the chief industrial cities of England. The streets of London continue to be thronged by thousands of worthy men and women who can find no work to do, and are obliged to live on scanty charity. The locked-out cotton operatives of Lancashire, numbering thousands, were forced to beg their Christmas dinner. Many have left the town and are wandering about the country. It is almost certain that some of them will be frozen to death. This condition of affairs is due to the suspension of work at many factories "on account of too much Free-trade," as has come to the general interpretation of it.

The Democratic Congress is making a bad start. The New York World says the House trampled upon Democratic pledges when it passed the bill increasing the allowance of the pensioners of the Mexican War from \$5 to \$12.80 a month. With the cost of pensions mounting up towards \$300,000,000 annually and a Treasury deficit in sight, not a new pension should be voted nor an old one increased. The scheme of pensioning men who were never within a thousand miles of the Mexican frontier was outrageous at the start. To add to their bounties now is little less than a crime. Every dollar heedlessly voted by the present House will make the work of the incoming Administration more difficult and add to the obstacles in the way of tax reduction.

The Hon. Henry Bacon (Dem., New York) Chairman of the House Committee on Coinage, makes an argument in the Forum against the repeal of this tax, and shows why the issue of state bank currency would be unsafe. The defenders of the state bank currency desire it because of its elasticity. Mr. Bacon shows that if this currency be sound it will rush to the financial centers exactly as our present currency does, and that it will stay in the neighborhood of the banks of issue only if it be so discarded that it will not make its way to the great financial centers. Elasticity, therefore, can be got only if it be below par. He makes the further practical point that, if currency be issued under state laws, there will be the greatest inelasticity in diversity, because the state laws are in no way uniform, and many of them as they exist today would permit the wildest kind of wildcat issues. This argument is made the more important because the movement to repeal the state bank tax is largely a Democratic movement, and Mr. Bacon is a Democrat, and Chairman of the present committee that has the matter in charge in the House.

A gray-haired, broken-down old man, with sunken eye and cheek, climbed up the steps one winter's day, with humble mien and meek.

He rang the bell, and a woman came and stood in the open door. As a male speaker he winked face as he saw his wife come near. And the old, glad light shone in his eyes, and his husky voice grew clear, as he said, "It almost knocked me out, but I natched that ribbon, dear."

The present season has been a very discouraging one to traveling theatrical troupes. But very few of them have made expenses, and many have been compelled to disband on account of poor patronage.

This estimated product of whiskey in Kentucky this year is 90,000,000 gallons. As the consumption is only 30,000,000 gallons, the boys will have to increase their tank capacity or there'll be a big overproduction.

RAY, DIAMOND, who claims to hail from La Grange county, Ind., applied to the Mayor of Ironton for a night's lodging. He was offered a room at the city jail, but refused, saying it was not a very appropriate place for a Minister to spend a night. He was given a cushioned chair in the Mayor's sanctum.

JAMES FULTY, a prominent farmer and sawmill man of Limestone, this state, went over to Ironton, where he was to marry a young lady, whose name he would not divulge, but upon arriving found the young lady to be a Catholic, and as he was a Presbyterian, and neither would break faith, the match was declared off.

The children of the Sunday school of the M. E. Church, South, were given a Christmas treat last night. Presents were distributed and the time was pleasantly spent. It is the earnest desire of the officers of the Sunday-school that the congregation should take a greater interest in the school and work to secure a larger attendance.

No member of Council had anything to offer, and President Cox declared the business of the Council at an end. Mr. Cox, on retiring from the Chair, thanked the members for their uniform courtesy and kindness.

City Clerk O'Hare read the returns of the late election. The newly-elected Councilmen, among whom were four new faces—Messrs. Robinson, Hopper, Martin and Wardle—came forward and were sworn in by Mayor Pearce.

Nominations for President were declared in order, and Mr. Picklin nominated Mr. Cox. On motion of Mr. Wade, Mr. Cox was unanimously re-elected, and City Clerk O'Hare appointed Messrs. Wadsworth and Robinson to escort the gentlemen to the chair. Mr. Cox returned thanks for the honor conferred in a brief and appropriate speech.

The next thing in order was the election of the night police from the various wards. From the First Ward John Mangan, the present officer, Pat Cullen and S. D. McDowell. The first ballot stood Mangan 10, Cullen 6 and McDowell 2. Mr. Mangan was declared elected.

C. M. Bland and James M. Rankin were placed in nomination from the Second Ward. Bland received 14 votes and Rankin 4 on the first ballot.

James Downey was elected without opposition from the Third Ward.

Joseph Crawford, from the Fourth Ward, received 15 votes to 3 for Frank Purnell on the first ballot.

From the Fifth Ward W. A. Stockdale received on the first ballot 13, W. T. Light 4 and W. B. Dawson 1. Mr. Dawson was not nominated.

Richard Medlin was re-elected from the Sixth Ward, receiving 11 votes on the first ballot to 7 for James Dunbar.

The entire force was re-elected.

Mr. James Hefflin was elected Mayor of the Almshouse by the deposit of one vote.

Drs. C. C. Owens and W. S. Yazell were nominated for City Physician. The first ballot resulted Yazell 11, Owens 6, blank 1. Dr. Yazell was declared elected.

It is no disparagement to Dr. Yazell to say in this connection that Dr. Owens has made a faithful and efficient official. During the cholera scare in the early fall no health officer in the entire county was more alert than he. His watchfulness and zealous labor were unceasing and his city received no more thorough cleaning under his supervision than it had had in years.

The diphtheria epidemic, which threatened disaster to the business interests of the city about the same time, was carefully handled by Dr. Owens, and his statement to the public did much to allay the fear of the people and to inspire confidence among the neighbors who were afraid to come among us.

W. S. Fitzgerald, Marshal-elect, produced his bond, with William Fitzgerald and Henry J. Shea as sureties.

Wharfmaster Plister produced his bond signed by N. Cooper and Omar Dodson.

On C. D. Shepard's notice, as Assessor, were P. P. Parker and George T. Wood, and the bond of City Clerk O'Hare was signed by Mrs. May O'Hare and E. W. Miller.

James W. Fitzgerald, as Treasurer, gave bond with E. P. Browning, C. H. White, John T. Parker, H. H. Collins, W. B. Mathews and H. G. Wells as sureties.

All of these officers, except Wharfmaster Plister, who was not present, came forward and were sworn in by Mayor Pearce.

The Mayor and Marshal were instructed to comply with the new Police Committee in regard to procuring a suitable helmet for the police officers.

The Assessor was authorized to have prepared the necessary stationery.

The Council adjourned to meet next Thursday evening at 7 o'clock.

A Memory of the War.

A few days ago Major Thomas J. Chenoweth of this city received the original document appointing him Major of the Thirtieth Kentucky Cavalry, C. S. A. Although he had held the rank and performed the duties for a couple of years previously, the official paper bears date of February, 1865. There was an omission, and it was to have been sent to the Confederate Secretary of War for signature, but the war closed before this was obtained. It was sent to the Major by Colonel Ed. O. Guerrant, who was A. G. of Giltner's Brigade, who found it among his war papers while going over them recently. The document was accompanied by an affectionate letter from Colonel Guerrant, who is now a prominent Minister.

The same order was made for W. C. Wood.

Union Services.

Union services will be held this evening at the Christian Church. A collection of funds may impel to effort therefor, for increased Christian charity.

Heart of Cynthia.

A telegram was received from Cynthia, one of the Christian Soldiers. Subject, Home Missions; Praise, for increasing appropriation of need and obligation; Prayer, for pastors, missionaries and other laborers, for the heathen at our door, for the depleted rural districts and neglected city populations. A collection of funds may impel to effort therefor, for increased Christian charity.

Mr. Crowell left for Cynthia this morning.

Coasting Accident.

The coasting on Market street hill has already resulted in one serious accident. John Betram, residing at the corner of Market and Third streets about 8 o'clock last night watching the sleds go by when one unnoticed struck his legs and knocked them from under him. In falling his collar bone was broken.

Dr. Owens is a member of the firm of Purnell & Crowell, great manufacturers of this city. He traveled for the house and had started on a trip last Tuesday.

Mr. Crowell left for Cynthia this morning.

Important Notice.

The Princes of Wales Company, manufacturers of Her Majesty's coronets, will have at our store from January 9th to 14th inclusive, one of their expert fitters, Miss Alcott, for the purpose of explaining to the ladies the many merits of this coronet and the reason why it is superior to any other.

We trust that all ladies will avail themselves of this opportunity to learn what a perfectly fitting coronet really is.

We wish it understood that ladies will not be expected to purchase unless they so desire.

That Agreement.

The following is the much-talked-of agreement between Horatio Picklin and James W. Fitzgerald, candidates for Collector and Treasurer at the recent election, entered into on last Saturday evening.

MAYSVILLE, Ky., December 31st, 1892.

We, Horatio Picklin and James W. Fitzgerald, candidates for the office of Collector and Treasurer of the city of Mayville at the ensuing January election, 1893, do hereby agree and covenant to not spend any money or other valuable consideration, ourselves nor our friends, directly or indirectly, or attempt to influence any voter by promise of any nature or by threats of any kind, or by any other means, anything said or promised by either ourselves or our friends, the one who does or threatens will forfeit the office.

A Woman's Invention.

An enterprising young woman in the far South has invented, manufactured and put on the market what promises to become one of the most popular amusements of the present season. "Spinners," plain or pretentious, are sold for a short time for the amusement which spread over the country like wild fire every year or so, furnishing amusement for thousands for a short time.

This particular game consists of a number of small tops, of various size and colors, which, when manipulated according to rules, are said to furnish an amount of fun for any number of players.—New York World.

"The enterprising young woman" to whom the credit of this game is due, is none other than Mrs. C. B. Hudgins of Rome, Ga., who was Miss Anna Albert of this city. She has sent one of the games to her sister here, and a "spinning party" is one of the society events of the near future. The Ladies' Association, Mrs. Hudgins on the success of her enterprise, and hopes she may reap a rich reward.

him more or less, and MURPHY will go

THAT business was more prosperous
in this country during the year just
closed than in any previous year is a
fact that speaks volumes for our Pro-
tective Tariff system.

THERE is no more convincing evi-
dence of the benefits of a Protective
Tariff than the number of new manu-
facturing establishments that have
sprung up during the past year.

CHICAGO is scared over intimations of
another Anarchist uprising. Just why
Chicago expects outsiders to visit the
World's Fair until she has proved her-
self able and willing to suppress the
lawless wretches residing within her
gates is past finding out. Possibly she
wants everybody to bring a gun to as-
sist in keeping the peace.

SOME of our Republican contemporaries
are of opinion that the Republican
party would now be in power in Ken-
tucky had it opposed the adoption of the
new Constitution and nominated a first-
rate ticket. Not so, brothers; were
such things possible, if the Republican
party had GEORGE WASHINGTON as its
candidate for Governor, the average Ken-
tucky Democrat would vote for BEN-
EDICT ARNOLD in preference.

THE controversy over the control of
the Wyoming Legislature has been de-
cided in favor of the Democrats by the
Supreme Court of Wyoming, which is
Republican. The dispute was chiefly
one of technicalities, and the Supreme
Court very properly disregarded the par-
tisan aspects of the matter and consid-
ered only the legal features involved.
And yet Senator BLACKBURN, in his
speech in this city during the recent
campaign, said that no Republican
Court ever decided a case in favor of the
Democrats.

Dickens' Works are the most widely read of any novels printed in any language. The
popularity of Dickens is ever increasing, and every person should own a full set of his works.

Charles Dickens is eminently the novelist of the people. His books teem with shafts of sparkling
wit, touches of pathos, threads of satire; his characters are original and read as well as quaint
and grotesque; he utters a voice in all its forms. The lights and shadows of life are delineated in a
thrilling and dramatic style. To own a complete set of his incomparable books is to be possessed of an
inexhaustible mine of interesting literature. No person is well read who has not perused them.

Never before has the opportunity been presented for securing so much valuable reading matter
for so small an amount. It is really a whole library of Standard Works at the price of the commonest
first. If you wish to get this set you should send in your order at once, that it may be among the

Some time ago a man, who was growing a crop of corn and tobacco on the farm of Mrs. Susan Weaver, was indicted for carrying concealed a deadly weapon. He gave bond, but failed to appear at the last court. He is not making any tracks in this town.
